2:45 - 3:15 pm	Is it on? Impact of Duty Cycles on A/C Control Strategies	Joe Lopes <i>Applied Energy Group</i>
----------------	--	---

3:15 - 3:45 pm	Load Research and System Integration	Ike Moss <i>AMS</i>
----------------	--------------------------------------	-------------------------------

**ASSOCIATION OF EDISON ILLUMINATING COMPANIES
ANNUAL LOAD RESEARCH CONFERENCE
Las Vegas, NV, Caesars Palace
July 21 – July 24, 2002
AGENDA**

Wednesday July 24, 2002

Trevi Room

8:15 – 9:00 am

Continental Breakfast

Session V

Session Moderator

Pam Groth
Ameren

9:00 – 9:30 am

Load Research in a Client Server Environment

Tedford Wright
DTE Energy

9:30 – 10:00 am

Designing and Implementing the Revenue Metering System for the Ontario Electric Wholesale Market

Claude Godin
Itron

10:00 – 10:30 am

Expanding Load Research Data from the Output to Line Level

Carl Raish
Tampa Electric Company

10:30 - 10:45 am

Networking Break

10:45 - 11:15 am

Meeting Evaluation and Adjournment

Pam Groth
Conference Moderator
Ameren
